

PARTNER WITH INL

INL cultivates positive and enduring partnerships with researchers, academic institutions, industry, students, teachers, government agencies, businesses, and neighbors in our community.

INDUSTRY AND TECHNOLOGY DEPLOYMENT

We support U.S. industrial competitiveness and foster industry collaboration by commercializing technology.

STUDENTS AND EDUCATORS

Our educational programs educate and train scientists and engineers of the future.

UNIVERSITY COLLABORATIONS

We foster research and collaboration with universities throughout the U.S. Examples include internships, postdoctoral assignments, and joint appointments.

FACILITIES AVAILABLE TO RESEARCHERS

Guest scientists can choose from a wide range of state-of-the-art INL user facilities.

OUR LOCAL COMMUNITY

We value the relationships we build with our neighbors and strive to improve the quality of life in our community.

ECONOMIC DEVELOPMENT

We spur local and regional economic growth by actively promoting tech-related entrepreneurship and innovation.

GOVERNMENT AGENCIES AND STAKEHOLDERS

We build strong and productive bridges with local, state and federal officials in order to advance U.S. energy security.

BUSINESS VENDORS

We collaborate with businesses that offer high-quality goods or services.
